

Clear-Flex™ SDX Products

Clear-Flex™ SDX is your solution when you need flexible connectors that are static-dissipative, FDA-acceptable, and highly clear. Clear-Flex SDX outlasts rubber and fabric sleeves by 10 to 1 in the demanding application of dry, abrasive materials processing. Available in seamless tubing, custom connectors, and molded corrugated sleeves.

TURN YOUR CAD DRAWING INTO A CUSTOM CLEAR-FLEX CONNECTOR

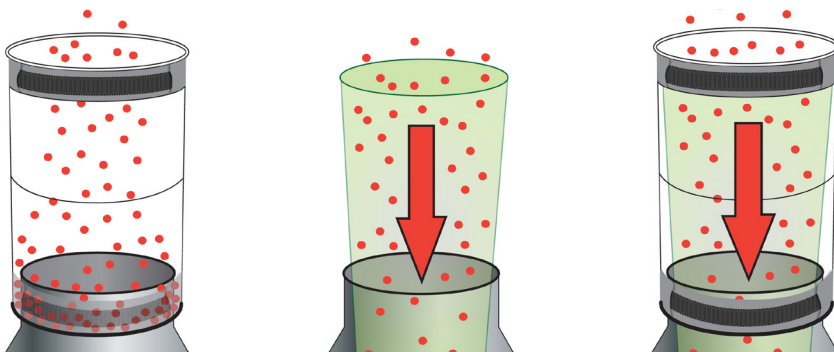

Clear-Flex SDX polyurethane is available in custom connector designs. Our precision computerized cutting and welding technology allows us to turn your CAD drawing into a Clear-Flex SDX custom connector. No CAD Drawing? Use our product design forms. These innovative products feature smooth, durable welded seams. This eliminates the risk of sewing threads wearing out or falling into your product. Contact your Siftex representative to learn more about our computerized design, cutting and welding technology.

SLEEVE WITHIN-A SLEEVE CONNECTORS STOPS DUST AT THE SOURCE

Our Sleeve-within-a-Sleeve combines an outer dust-control sleeve with a free-end inner sleeve to keep powder, pellets and other loose materials flowing. Hose clamps are built into the hems for fast, easy, dust-tight installation. Virtually eliminates product catch and clog on lower fittings.

CLEAR-FLEX SDX surpasses ATEX requirements for static dissipation. Complies with both FDA and EC standards for direct food contact, while retaining flexibility, exceptional clarity and outstanding durability.

CERTIFIED
NO PHTHALATE
NO BISPHENOL-A
